TAROT

I'm Taylor Haigh, the creator of three unique tarot decks—The Fox Tarot: Pips Edition, The Fox Universe Tarot: A Self-Care Oracle, and The Illustrated Fox Tarot.

Drawing on my technical training in computer drafting, I design bold black and white graphics that bring a modern edge to traditional tarot symbolism.

My work focuses on self-care rituals and personal growth, offering tarot tools that encourage meaningful reflection and empowerment.

In addition to my decks, I create complementary accessories, including tarot cloths, journals, zines, and enamel pins, to support a holistic tarot practice.

THE FOX TAROT - FALL 2024

# THE FOX UNIVERSE TAROT

The Fox Universe Tarot: A Self Care Oracle is a deck like no other. It has been specifically created with a self care focus to make readings easier and more intuitive for beginners and advanced readers alike. It is like a classic tarot deck re-imagined from an alternate universe where all cards point inward to guide you on a deeper exploration of your inner workings.

PAGE 4

The cards follow the same framework as a traditional tarot deck; there is a Major Arcana with a Minor Arcana including Court Cards that feature four different suits, except everything has a new name. Swords, Cups, Wands and Pentacles have been replaced with Wheels, Spoons, Candles and Diamonds. Page, Knight, Queen and King are now Student, Ghost, Witch and Wizard. The guides on the Fool's journey of the Major Arcana are all completely revised with new names to represent 24 life areas that apply to all users. The straightforward nature of the cards and their meanings makes readings easy for everyone.

**Features:**

- 80 cards featuring a graphic black and white art style
- White border on top and bottom only
- Keywords are noted at the top of each card, oracle style, to make readings easier
- 96 page guidebook that covers meanings for all cards, intention, and tarot therapy
- Sturdy two-piece box to store cards and guidebook together
- Shiny gold card edges for extra flash
